**Awards
DINNER**

thanks for the memories

"My wife and I are resting up from the Carson City Golf Vacation. Funny how you must return from vacation to rest up. We had a wonderful time. Everyone that I spoke with told me they really enjoyed the trip and quality time with old and new friends"...Cliff Jones, Golf Chairman

"Wow! What a great time the ladies had at the Annual SIRs Carson City Tournament with their significant others. To make the ladies feel welcome to the guys event, my sister and I put together goody bags for all the ladies attending. Since the guys get goody bags, it's only fair that the ladies should too! Thanks to Dan and Don's hard work, the "Queen of the Green" putting contest was a great success! A sincere "Thank you" to you, Don, for all you did for us ladies and all you do for the golf club. Because of your wonderful idea, we had a terrific time and enjoyed our day together!

The award for the "Queen of the Green" was an adorable, green, plush flamingo,-It will be tough to top that award for next year, but I'm up for the challenge! Ha! Ha!

**Thank You SIRs 102 for making this trip so special for the ladies!" ... Liz Johnson, Original -
Queen of the Green**
